

drb Business Interiors to Show Off New Showroom at Open House

SARATOGA SPRINGS, NY (May 28, 2014) -- drb Business Interiors will have an open house at its new location in the Regent Springs Building, 153 Regent Street (the former Skidmore Theater building), from 4:30 to 7 pm on Wednesday, June 11.

Previously located on High Rock Avenue, drb Business Interiors, owned by Dorothy Rogers-Bullis and Daniel Bullis, offers business furniture, design, and installation services. The public is invited to visit the drb showroom and the adjacent Saratoga CoWorks, the newest venture of the couple.

With 30 years of experience, Rogers-Bullis and her staff offer their expertise to clients throughout the country to best suit the needs of small business as well as large corporations. Rogers-Bullis has worked with clients throughout the United States including hospitals, libraries, state governments, and schools.

“The new space,” Rogers-Bullis said, “allows clients to visit drb, walk through our showroom and imagine the possibilities for their working space.” Clients entering the two levels of the new 5,000-square-foot showroom are able to sit on the chairs, try a work space, see the colors, feel the fabrics, and be seated at a desk or conference table.

In their Technology Center, clients find an easy way to brainstorm a project with the design team.

Rogers-Bullis has found that every job is different. “We spend much time in the design phase to make sure we understand the needs of each client. It has to be right. The measurements, rendering of the space, furniture selection, and the final installation are all included in our services.”

While their premier furniture line is Knoll, drb has access to over 100 furniture lines of commercial furniture that include fabric and leather, green office products, wood and glass, and furniture made in the USA.

drb is a New York Women Business Enterprise and recently received the 2014 Small Business Excellence Award presented by the U.S. Small Business Administration and New York Business Development Corporation.
